Taconnet and Algonquin Mills
Hollingsworth & Whitney Company
Winslow, Maine

In Winslow are located the Hollingsworth & Whitney Company Mills, generally recognized as among the finest in the country. Paper produced in this town goes to all parts of the United States and many foreign countries.

During 1891, 1892 and 1893 the Taconnet Paper Mill and Mohegan Pulp Mill were built, the latter mill now being part of the Taconnet plant. In 1900 the Algonquin Sulphite Fibre Mill was erected, and during the next decade additions were made to both the Taconnet and Algonquin Mills. The production of the paper mill has been increased from around 35 tons to a daily capacity of 255 tons. The pulp mill has a capacity of 165 tons daily.

Throughout the years improvements have been made periodically in both the paper and pulp mills. During the recent depression, an extensive four year schedule of mill installations was carried out, including some of the most efficient and modern equipment known to the industry in this country and abroad. The new bleaching plant now in operation is conceded to be the finest in the world. To insure a clean product, tremendous quantities of water pass through the deep sand filters daily enough to supply a city larger than Richmond Virginia.

The Winslow Mills are among the most important in the industrial system of the State with nearly 1300 people employed in this town. The Company also operates plants at Gardiner and Madison with offices throughout the United States.

SCHOOL HOUSES

One of the early school houses of Winslow stood near the line between the farms now owned by Horace Howard and Charles Lewis. It is known that it was standing prior to 1847 when Sidney Howard (father of Horace Howard) bought that farm from his brother Cyrus. The story is told of how the young Sidney, when picking his fall apples, threw a basketful into the entry of the school. This so enraged the school mistress that she seized one of the apples and threw it at him. Whether she hit him or not I do not know, but doubtless the children enjoyed the rest of the apples.

Sometime later the school building was moved to the knowl on Mr. Lewis farm just above the little brook which flows between the Lewis and Hews farm. Even though the school was sold by the town in 1914 to Arthur Robinson and moved away, that brook and the slight rise are still spoken of as School House brook and School House Hill by people of the neighborhood.

In the town records of 1914 we find the following: Warrant of March 10, 1914, Article 30. To see if the town will vote to dispose of certain School Buildings, not now in use, in the districts named, Fort, Hayden, Files, Wall, Howard and Keay. Article 30: On motion of C. E. Warren that the Selectmen, the Superintending School Committee and Town Clerk, be made a permanent committee to thoroughly investigate and consider the present and future needs of the town, for the use of this property, and if in their judgment, it or any part of it should be leased or disposed of, the Selectmen are hereby authorized

and empowered to deed or dispose of such property in accordance with the vote of said Committee.

FORT SCHOOL

You will notice that the Fort School house, which stands opposite the Meeting House, was one of those to be sold. George Paine, feeling that it would be a shame to destroy the oldest school building in town, asked that it be saved. On his suggestion the town voted that this building should never be sold or moved away, but held forever. He said, "It seemed very fitting when one thinks of the very many Winslow people who received their first schooling in it." Henry and Albert Paine, both noted lawyers of the old days, Leslie Cornish, Charles Johnson, George Paine, the Bassett boys and many others went to school there.

Of the building of the school I quote from the town records: At a town meeting held May 24, 1819, it was voted: To

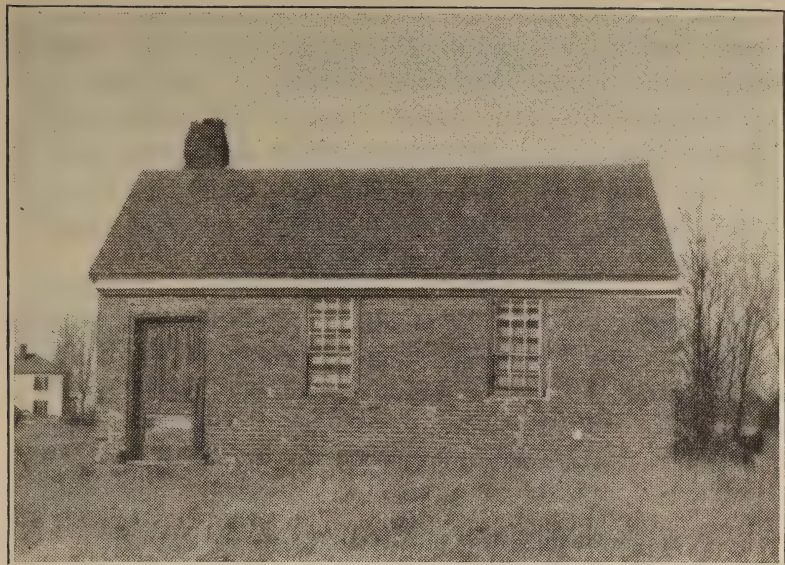

relinquish to School District No. 2, so much land opposite the south-west corner of the Meeting House lot as will accommodate said District, to erect a Schoolhouse of sufficient dimensions for a town school and yard, to be occupied for that purpose so long as that district shall keep a good schoolhouse in repair thereon. It was the understanding of said District many of whom were present and also the inhabitants of the town (but not voters) that the schoolhouse when erected on the afore-said relinquished land, should be opened on Sabbath Days for religious worship to the different denominations of Christians in this town who may wish to occupy said house for that purpose.

Before this building, which was the first school ever built in Winslow, was erected, the children in the village attended a school held in the home of Nathaniel Ayer, now owned by Frank Marcia. Charles Johnson told me that at one time he went to school in the house where Albert Balentine lives.

The Kennebec River is washing away on this side of the river and making land on the Waterville side. Charles Drummond, (born in 1846) told me that when he was a small boy, he rode around this building on a load of hay. We hope that it has stopped and will never take the school house.

The old Fort School building was used until the new one was built in 1909. It was used again when the old High School was burned in 1915.

At present it is under the care of the Fort Halifax Chapter D. A. R. and is used as a dwelling house. In this way the Chapter is able to keep it in good repair, even when confronted by such a disaster as last spring's flood, at which time repairs cost more than \$50. Without doubt that the flood would have taken it down river had it not been for extensive repairs made to the underpinning by the Chapter a few years ago.

BRICK SCHOOL

It is interesting to think how this school received its name. I suppose at first being the only one it was called simply "The School". Then as others were built, they took the name of some family in the neighborhood, as the Flagg and Paine's Corner Schools. This might have been called the Village School, but the village grew up around Fort Halifax and took the name "The Fort". So that even now people go not to the village but to the "Fort." Hence the name Fort School.

On the Cushman road stands a small brick building, known as the Brick School House. The bricks were made on the farm where it stands. The place can even be seen where the clay was taken out.

This little story is about all we know of the age of this school. Isaac Britton and his family came from Mass. in 1820. He had a little son Isaac who was four years old at that time.

He lived to be 82 years old and told his children he could remember seeing the men hang the wooden door to the building, the same that hangs there now. Probably it was built in the early twenties. Miss Jane Hayden was the first teacher and Geo. Cushman was the last one, soon after he came home from the Civil War. Later a wooden building was built on the other side of the road. Still later another one replaced the first one which is at present used as a dwelling house.

I owe thanks to Mrs. Hattie Britton Joy and Dr. Walter Hendee, distant relatives of the Britton family for this information.

C. S. H.

Since writing the above, information has come to me from a reliable source that the brick schoolhouse was built in 1825

AUDITORS' REPORT

Augusta, Maine, February 10, 1937

To the Inhabitants of Winslow, Maine:

This is to certify that we have audited the accounts of your Treasurer and Collector for the year ended February 10, 1937 and to the best of our knowledge and belief his accounts are correct. Our report includes Report of Tax Collector, Report of Treasurer, Comparative Balance Sheet, List of Accounts Receivable, Summary of the Year's Business and Appropriations Accounts Classified, all of which were prepared from your Selectmen's books which we believe to be correct. We found your town books in very excellent conditon.

Respectfully submitted,

STATE DEPARTMENT OF AUDIT
By HAROLD E. CRAWFORD

Winslow, Maine, February 22, 1937

I hereby certify that I have examined the accounts in the Selectmen's Office and I find vouchers on file for all orders recorded for the year ending February 10th, 1937.

I have examined the Treasurer's accounts and find a balance due the town of \$12,403.58.

BRADFORD L. WALL

Auditor

TOWN CLERK'S REPORT

To the Selectmen and Citizens of Winslow, Maine.

Herewith is respectfully submitted the report of your Town Clerk for the year February 1, 1936 to February 1, 1937.

HARRY H. DUNBAR, Town Clerk

REPORT OF CHAIRMAN OF BOARD OF SELECTMEN

To the Citizens of the Town of Winslow:

I herewith submit the following report for the year ending February 10th, 1937.

Financial Department

The financial situation of the town has improved again this year. Our bonded debt is now \$80,000 and we have outstanding notes amounting to \$20,000, this last amount should really be \$7,600 as we have \$12,000 in cash. Mr. E. N. Blackwell, our Tax Collector has collected 96.3 % of the total tax commitment.

This compares very favorably with other towns in the state having the same population.

Welfare Department

The cost of this department under the efficient direction of Mr. Alfred Marcoux, Clerk to the Overseers of the Poor has again been reduced this year, the total expenditures for the support of relief cases belonging to Winslow were \$10,650.62. This is a remarkable showing.

Government Activities

During the year we have had the following Federal Projects in the town:

1. W. P. A.

Simpson Hill — employing about 40 men until June 1936.

Taylor Avenue, Bassett Road and Wyman Road employing about 36 men from October 1936.

2. W. P. S. O.

Albion Road employing 20 men until completion.

3. Federal Project on Halifax Street with about 15 men.

Many of our unemployed also found work on projects sponsored by the State.

The approximate amount furnished by the Federal Government was \$30,000.

Contribution from the Town of Winslow was \$7,032.20

These projects helped to solve the unemployment situation and greatly relieved the Poor Department of the Town.

Highway Department

This department has accomplished very much during the year. The flood of last Spring being instrumental in this department being slightly overdrawn, but when one considers the amount of work accomplished by Mr. Donat Bourassa, who has charge of this department, we must be proud of his showing.

The different departments in the town have functioned admirably during the year. We ended the year with a surplus of \$8,500 even after the tax rate had been reduced from 55 mills to 46 mills. We should be justly proud of this record. This diminution in taxes was accomplished without any curtailment of town activities. I believe that every department head should be complimented for this fine work.

The year 1937 has been successful, thanks to the loyalty, encouragement and cooperation of the citizens of the town. I take this opportunity to thank the citizens who have made it

possible for me and my associates to accomplish this **unique record of reducing the tax rate from 55 mills to 46 mills in one year**, with a surplus of \$8,500 and prospect of another material reduction this coming year.

NAPOLEON A. MARCOU,

Chairman,

Board of Selectmen.

Board of Overseers of the Poor

Board of Assessors.

REPORT OF OVERSEER OF THE POOR

To the Citizens of Winslow;

Submitting my second report of the Poor Department of the town of Winslow, for the fiscal year ending February 10th, 1937. As overseer of the poor, I feel that the relief question is always a problem of serious consideration.

This year as in the past year, I have checked all cases not previously checked which applied for relief and thereby have succeeded in establishing settlement of two more families, which previously received help at the expense of Winslow, with no settlement in Winslow.

Case No. 1., Peter Sylvain and family. This family in 1932 received \$94.43, in 1933, \$192.04, in 1934, \$199.57 a total of \$486.00.

Case No 2., Leslie Mann and family. In 1929 this family received \$17.50 at the expense of Winslow, with no settlement in Winslow.

We are now paying for sixteen state children, which this year, cost the town the sum of \$1861.89. Most cities and towns have special accounts to take care of this item, but in Winslow, it is paid out of the regular poor account.

The poor department also suffered a loss during the flood last spring. About 45 cords of four foot wood and 12 cords

of fitted wood being carried away by the high water. An estimated loss of about \$400.00.

In closing, I again wish to thank Dr. E. W. Paine for his good cooperation, in fact this item this year did not cost the town one cent for any of the work which the town physician is paid for.

Also, thanks for the fine cooperation of our clerk, Mr Hawes.

Respectfully submitted,

ALFRED P. MARCOUX

Overseer of Poor

REPORT OF ROAD COMMISSIONER

To the Citizens of Winslow:

I herewith submit my second annual report as your Road Commissioner.

In view of the many emergencies which arose last spring on account of the flood, the road commissioner had to spend in the neighborhood of \$3,000.00 of the roads and bridges money. This accounts for the slight overdraft in this department.

Of the \$22,000.00 raised for this department, \$13,016.71 was paid as wages.

We have approximately $5\frac{1}{2}$ miles of tarred streets in the village, to treat these streets 24,738 gallons of tar we used at a cost of \$3,055.14. The labor and materials to apply the tar cost \$849.26.

8160 yards of gravel were used on the Town roads this year at a cost of \$816. \$726.96 was paid for metal culverts. \$1,095.00 was paid to the state out of the road's money for highway patrol.

All town equipment is in good condition.

This year this department gave to the W. P. A. the \$300 which was appropriated for Taylor Ave.

I want to thank the H. & W. for the ashes given us for sanding. It was a great saving to the town.

Respectfully Submitted,

DONAT BOURASSA

Road Commissioner

SCHOOL DEPARTMENT

SCHOOL COMMITTEE

P. M. Cram, term expires March, 1937.

Police Officer—

SCHOOL HOLIDAYS

May 30th.—Memorial Day.
Thanksgiving Day and the day following.
Nov. 11th.—Armistice Day.
Jan. 1st.—New Year's Day. (Saturday this year.)
March 15th.—Town Meeting.

SCHOOL CALENDAR

Feb. 22nd to April 16th—1937.
April 26th to June 11th—1937.
Sept. 7th to Oct. 22nd—1937.
Nov. 1st to Dec. 17th—1937.
Dec. 27th 1937, to Feb. 18th—1938.
Feb. 28th to April 15th—1938.
April 25th to June 10th—1938.

We are pleased to report that during the past year there has been very little sickness other than the colds so prevalent the first part of February. There has been no bad epidemic of children's diseases. Therefore, we are continuing without a regular School Nurse. We have employed a nurse from the State Department when we deemed it advisable to make a check on general health conditions.

Last year we made repairs to the walls of the Getchell Street school building, costing approximately \$550. It was necessary to do this job because water was damaging the plaster in the rooms and there was a danger that some of the parapet wall might fall. This year we should paint the outside of the Fort and Baptist Schools. Some repairs should be made to the inside and outside of the Boston Avenue School building.

Last year \$39,000 was raised for schools and the expenditures were kept within this amount but, after looking over the records and the conditions in general, we estimate that it will require at least \$2,000 more to maintain the schools the coming year.

We recommend raising the following amount for the support of schools.

High School Teaching	\$ 6,250.00
Industrial	1,400.00
School Nurse	
Common School Account	20,000.00
High School Special	4,700.00
High School Conveyance	1,800.00
Text Books and Supplies	2,300.00
Repairs	1,400.00

Insurance	500.00
Night School	200.00
Physical Director	1,600.00
Superintendence	850.00
<hr/>	
Total	\$41,000.00

Respectfully submitted,

P. M. CRAM,

AIME MATHIEU,

FRIEDA SMILEY.

Superintending School Committee.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Winslow:

The total cost of the public schools of Winslow for the town year just closed was \$52,793.55. As the registration is 906 pupils, the cost for each pupil was \$58.30. This figure included every item which entered into the maintenance of the schools, teaching, conveyance, fuel, janitor service, repairs, equipment, textbooks and supplies, health work, insurance, night school, and supervision. Of this total amount expended the town raised by direct taxation, for school purposes \$39,000, plus the balance on hand at the beginning of the year of \$720.63; the remainder of the amount being furnished by state aid and by tuition from outside towns. As schools were maintained 36 weeks, the weekly cost for each pupil was \$1.62.

The average tax rate for school purposes throughout the state for the past year was .01214, while that of this town was .01001, and the state average tax rate for all purposes was .05625, as compared to .046 for this town, showing that the Winslow taxpayers were more favored than those in most communities in Maine. In view of this fact it would seem that a decided effort should be made to increase the salaries of a number of teachers who are now working for less than would have to be paid to fill vacancies satisfactorily.

Two rurals schools are now being maintained, the Baptist, a two-teacher school, and the Paines Corner, a one-

teacher school; neither provides as satisfactory physical conditions as the village schools. Now that all parts of the town are reached by school conveyances, and as there is room for the rural pupils in the village schools, I recommend that all elementary pupils be conveyed to the village schools. Such a move would not only lead to greater efficiency and economy, but would enable the rural pupils to make a much easier adjustment to the high school when they are promoted to it than they are now able to make.

Registration in the schools is: High, 371; Boston Ave., 202; Getchell Street, 197; Fort, 62; Baptist, 49; Paine's Corner 25; a total of 906, which includes 42 high schools tuition pupils.

Teachers are employed at the following salaries: Clyde Russell, \$2,340; William Mansfield, \$2,070; Ella Hewins \$1,395; Edgar McKay, \$1,350; Lawrence Cole, \$1,250; Mildred Alden, \$1,150; Benjamin Wood, \$1,000; Harriet Ham, \$972; Winfred Kelley, \$950; Evelyn Grindall, \$945; Daniel Alvino, \$900; Helen Benner, \$800; Vivian Russell, \$800; Harold La Chance, \$750; Leona Le Page, \$720; Ruth Priest, office clerk, \$350; Alice Dyer, \$850; Thelma Lassalle, \$756; Clara Burgess, \$756; Elaine Gilbert, \$675; Marion Horne, \$693; Florence Grindall, \$650; Wilhelmina Allen, \$976.50; Imogene Lord, \$790; Phyllis Taylor, \$756; Margaret Cates, \$550; Madeline Riley, \$720; Francis Robarge, \$724.50; Nellura Chaney, \$826.90; Mildred Marcia, \$691.30; Doris Young, \$720; Catherine Martin, \$575; Minnie Garland, \$525; Faylene Webber (part time) \$432.

Weekly salaries of conveyance drivers are Elwyn McCaslin, \$30; Bertell Martin, \$26; Arthur Ward, \$25; Howard Simpson, \$25; Walter Blackwell, \$25; Walter Overlock, \$8; Maud Caldwell, \$7; Thomas Balamut, \$7; John Eames, \$6.

Janitors' weekly salaries are: Arthur Ward, \$23.40; Norman Marcia, \$23.40; Will Rhoades, \$18. Pupil janitors at the rural schools are paid \$1.50 a room each week.

Funds contributed by the Parent-Teacher association

and by the Maine Public Health Association have supplemented money raised by the town in carrying on considerable health work under the direction of Miss Alden. Nurses from the State Department of Health have made frequent visits to the town, and officials from the Fairfield Sanitorium have made careful examination for possible cases of tuberculosis.

Parents are again urged to keep in close touch with the schools and to visit whenever possible.

Respectfully submitted,

CARL B. LORD

REPORT OF HIGH SCHOOL PRINCIPAL

To the Members of the Superintending School Committee I submit my annual report as Principal:

In my annual reports I have frequently called attention to the two-fold function of the modern high school. It must provide the most valuable program possible for those who will not continue their schooling beyond high school, and it must afford satisfactory preparation for college. We have taken many steps in the past to accomplish each of these aims. This year we have initiated a conference between Colby College and the local high schools in the hope that we may know better exactly what work the high schools can give which will be most valuable in training for college.

In my opinion, we shall deceive ourselves if we expect any very great improvement in our schools from any mere change in the system. The time has come to consider the most important factor in any school: the teachers. There must be a great enough number of teachers, and they must be qualified for their work.

We have one teacher for every 26 pupils, which is the average for schools of our size in Maine. In regard to salaries our situation is not nearly as favorable. The average high school man teacher in the state got \$1557. 49 in 1935. We pay \$1409. The average woman high school teacher got \$1118. We pay \$969.

Under these conditions, as vacancies arise, the school will suffer. If we really want superior schools, we must expect to pay at least average salaries.

Respectfully submitted,

CLYDE RUSSELL.

LIBRARIAN'S REPORT

To the Citizens of Winslow:

The circulation for the year February 11, 1936 to February 10, 1937 was 9750 fiction and 975 non-fiction.

Because of the unexpected expense of repairing the Library after the flood we have not added many new books this year. We have 96 volumes of which 34 are fiction, 16 non-fiction, 18 gifts, 20 juvenile and 8 were purchased with money obtained from our Lending Library.

We have mended, repaired and rebound 65 volumes by means of the mending kit purchased last year.

The following magazines are to be found on the tables: The Ladies Home Journal, Better Homes and Gardens, Woman's Home Companion, Cosmopolitan, Pictorial Review, Flower Grower, Magazine, Life, National Geographic, Reader's Digest, Country Gentleman, Atlantic Monthly, Boy's Life, American Boy, Popular Science, Popular Mechanics, Open Road for Boys. These are bought by the Library and the following are given: Life and Health, Columbia, Specialty Salesman, Ford News, The Daughters of the American Revolution and Dumb Animals.

Book Week in November was observed and a Story Hour held on Saturday of that week.

The Library was closed March 21st because of the water in the basement and the last week in October while the floor was refinished.

The interior of the Library was redecorated in the Spring has added greatly to it's attractiveness.

A lovely rubber plant was given by Mrs Charles Rhoades.

The Library is opened Wednesdays from 1:30 P. M. to 5:30 P. M. and 7. P M. to 9 P.M. and on Saturdays from 9 A. M. to 12:30 P. M. 1:30 P. M. to 5:30 P. M. and 7 P. M. to 9 P. M. throughout the year and it is opened the day preceeding any legal holiday.

We hope that many more townspeople will use the Library in the coming year.

Respectfully Submitted,

HELEN P. SHORES

Librarian

Respectfully submitted,

ETTA W. GOODRICH,

Treasurer.

Winslow, Maine, Feb. 12, 1937

I have examined the accounts of Etta W. Goodrich, Treasurer, for the year Feb. 10, 1936 to Feb. 10, 1937, find proper vouchers on file, and hereby certify that the accounts are correct.

ATTEST:

ALEX M. HERD

Auditor

SEALER OF WEIGHTS AND MEASURES

January 15, 1937

Board of Selectmen,

Town of Winslow, Maine.

Gentlemen:

I hereby respectfully submit my report as Deputy Sealer of weights and measures.

I have tested and sealed 38 scales, 73 weights, 67 liquid measures, 27 gasoline pumps, 12 kerosene pumps and 2 oil pumps.

I have condemned 1 weight, and 1 gasoline pump and I have adjusted 4 gasoline pumps and 1 weight.

Respectfully submitted,

CARL G. HAWES,

Deputy Sealer of Weights and Measures.

REPORT OF FIRE DEPARTMENT

I have the pleasure of submitting my fourteenth annual report of the Winslow Fire Department for the year ending February 10, 1937. During the year the department has responded to eighty-one calls. Eighteen of these calls have been regular box alarms, fifty-three have been telephone calls, nine false alarms and one chief test. The eighty-one alarm calls for fires are as follows:

42	calls for chimney fires	Labor cost	\$390.50
10	calls for buildings and contents	Labor cost	166.25
7	calls for brush and grass fires	Labor Cost	29.25
6	calls for automobile fires	Labor cost	63.75
9	calls for false alarms	Labor cost	53.75
1	call for pumping cistern	Labor cost	6.00
1	call for pumping cellar	Labor cost	4.00
1	call for telephone pole fire	Labor cost	9.00
1	call for Vassalboro village	Labor cost	45.00
1	call for Waterville (wrong call)	Labor cost	9.75
1	call for Chief Test	Labor cost	4.50
1	call for Kennebec Water District (Stretch hose during flood)	Labor cost	15.75

The property loss to the citizens for this period has been \$950.00, and to the insurance companies \$1,922.75, or a total of \$2,872.75. This amount is \$591.75 more than last year. This is a large valuation damage and the number of times that the department has been called out is too great. If proper care is taken by the citizens, this amount can be reduced.

However, I wish to say a word in warning to the inhabitants of this town. If they wish to help reduce the number of fires, please be more careful not to throw matches or cigarette stubs in field or woods, or in any inflammable materials. Please have your chimney properly attended to. If there is no cleanout for this purpose, have one installed. This will save the town money, as 75% of our fires were caused by neglected chimneys.

Improvements and changes during the year are as follows:

100 ft. — 1½ Fire Hose	\$ 53.00
100 ft. — 1" Fire Hose	21.75
50 ft. — ¾ Fire Hose	6.50
3 — No. 430 Helmets	23.10
1 — 1 " Gasoline Nozzle	17.92
1 — Fire Alarm Register	85.00
1 — Truck Battery	18.41
1 — Set of Truck Wrenches	1.20
Reboring Cylinder on Reo Truck — Labor	98.51
Material	37.51
Total	\$362.74

I greatly appreciate the cordial co-operation of all members of the Fire Department in their service for the past year. Their response has been quick and faithful. I also wish to thank all those outside of the immediate department for anything that they have done to aid in the success of the service, and solicit their support for the welfare of the Winslow Fire Department during the coming year.

RECOMMENDATIONS

To the residents of the Town of Winslow who live outside of the limits of the city water supply system, I wish to suggest that a water supply be established within forty foot reach of our pumper. This might be done by having a reservoir or cistern filled from a brook or well. A reasonable amount of water so stored would greatly lessen the fire loss to farm buildings.

During the year 1926, I recommended that the Town of Winslow purchase a new Reo fire truck equipped with a 400 gallon pump and stated that this would greatly increase the efficiency of the department and give protection to the outlying districts.

I have personally inspected every road in the town of Winslow and find that we have approximately 250 farm buildings. To 20% of these buildings we can give good protection with the above truck from streams, and by the cooperation of others in making dams where water is flowing, good protection can be insured with the apparatus mentioned above 5% more buildings. However, there has been practically none of this assistance given to the department.

The new reservoir that has been built on the Augusta road, north of Mr. E. W. Blackwell's residence, needs some repairs in order to hold more water, and this year we should make an effort to build more storage capacity.

No farm should be without a ladder long enough to reach the roof so that sparks on the shingles may be extinguished.

I find in working with our apparatus that the department does not have enough hose to handle a large fire and I would recommend that the town purchase at least five hundred feet of regular fire hose. This would cost \$475.00. We have on hand 3,000 feet of hose, 1,300 feet on Maxim truck, 1,000 feet on pumper, and 500 feet on small truck. This is not a sufficient amount to allow us to properly dry our hose after a fire in cold weather and still allow sufficient protection ready for instant use. On one fire this year we have used 2,700 feet.

Fire extinguishers should be recharged every two years, or more frequently if possible. The department is at your service. If you bring your extinguishers to the fire station, they will be refilled free of charge.

Respectfully yours,
WILLIAM P. DiNARDI, Chief.

I would recommend that our business men leave a small light burning in their stores or offices all night, it would not only be beneficial to them, but also to all those concerned.

Numerous complaints have been brought to my attention, about the question of firearms, it is not only unlawful to give firearms to minors, but extremely dangerous.

Many small boys in our community have been maliciously shooting at the street lights and windows. Many have been apprehended and lectured on the subject, but in the future they shall be prosecuted to the full extent of the law.

In closing I wish to extend my thanks to the residents of Winslow and the Waterville Police Dept. for their wonderful cooperation, I also wish to thank the Special Officers for their services rendered during the flood.

Respectfully submitted,

J. N. L. POULIN,

Chief of Police.

TOWN WARRANT

State of Maine

Kennebec, ss:

To E. W. Blackwell, Constable of the Town of Winslow.

GREETING:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the Town of Winslow, qualified to vote in town affairs, to meet at the High School Auditorium in said town on Monday, the 8th day of March, A. D., 1937, at nine o'clock in the forenoon, then and there to act on the following articles, viz.:

ARTICLE 1. To choose a Moderator to preside over said meeting.

ARTICLE 2. To elect a Town Clerk, three Selectmen who shall also be Assessors and Overseers of the Poor, a Treasurer, a Tax Collector, a Road Commissioner, an Auditor of Accounts, one member of the School Board for three years and two Trustees of the Public Library for three years by written secret ballot as directed in Chapter 70 of the Public Laws of Maine for 1921, provisions of which were adopted by this town. For the purpose of balloting for the officers, the polls will open at 9:15 A. M., March 8, 1937, and shall remain open until 7 P. M., March 8, 1937.

ARTICLE 3. To see what method the inhabitants of the town will adopt to collect the taxes for the ensuing year.

ARTICLE 4. To see if the inhabitants of the town will vote to add interest to taxes not paid before a certain date.

ARTICLE 5 To see if the inhabitants of the town will vote to raise a sum of money to pay Miscellaneous and Current Expenses and Salaries of Town Officers.

ARTICLE 6. To see if the inhabitants of the town will vote to raise a sum of money to have their employees insured under the Workmen's Compensation Act.

ARTICLE 7. To see if the inhabitants of the town will vote to raise a sum of money for the support of the Fire Department.

ARTICLE 8. To see if the inhabitants of the town will vote to raise a sum of money for the use of Hydrants.

ARTICLE 9. To see if the inhabitants of the town will vote to raise and appropriate a sum of money for Street Lights.

ARTICLE 10. To see if the inhabitants of the town will vote to raise a sum of money to repair Roads and Bridges.

ARTICLE 11. To see if the inhabitants of the town will vote to raise a sum of money for Snow Removal.

ARTICLE 12. To see if the inhabitants of the town will vote to raise the of \$654.32 for the maintenance of improved sections of Third Class Roads.

ARTICLE 13. To see if the inhabitants of the town will vote yes or no on the question of appropriating and raising money necessary to entitle the town to State Aid as provided in Sec. 20, Chapter 28, Revised Statutes of 1930.

ARTICLE 14. To see what sum, if any, the inhabitants of the town will appropriate for State Aid road construction (in addition to the amounts regularly raised for the care of ways highways and bridges) under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, or under the provisions of Section 3, Chapter 173, Public Laws of 1935.

ARTICLE 15. To see what sum, if any, the inhabitants of the town would recommend to take from the joint state aid account for the purpose of applying bituminous surface treatment to state aid roads, in excess of the requirements of Section 2, Chapter 132, P. L. 1935.

ARTICLE 16. To see if the inhabitants of the town will vote to raise and appropriate the sum of eight hundred dollars (\$800) same to be used to gravel the Abbott Road, so called.

SELECTMEN OF WINSLOW

NAPOLEON A. MARCOU	1256-5
ALFRED P. MARCOUX	797-W
DONAT BOURASSA	1793-W

Learn the location of alarm box nearest your home or place of business.

To give alarm go to the box nearest the fire; break glass in front of box; turn key; open door; pull hook to bottom of slot once and let go.

If you have no response from the small bell inside the box, go to the nearest box and repeat as before. Remain by the box until department arrives.

Never give an alarm for a fire seen at a distance.

Never pull the hook a second time without orders from the Chief Engineer

Anyone tampering with alarm boxes in any way unless to give an alarm for fire, shall be punished according to law.

The firemen should be called immediately upon the discovery of a fire however small. The Chief would rather make an unnecessary run than to find a large fire caused by delay.

WINSLOW FIRE DEPARTMENT

LOCATION OF BOXES

- 12—Cor. Cushman and Lithgow Sts.
- 14—Cor. Proctor & Bowie's Store
- 15—Bay Street near Tobey's Store
- 16—Benton Ave. opp. Club House

To give a telephone alarm, call 716-W (Fire Station) or 716-R. Unless you have immediate response, call 1001 (H. & W. Co.) and watchman will sound alarm (three blows).

Preserve This Report

A sufficient number of these reports has been printed to furnish every interested citizen with a copy. An effort has been made to get them into the hands of the voters in advance. It should be borne in mind that if copies are left at home there may not be a sufficient number at the hall to go around on town meeting day. This year or any year it is desirable for you to have a copy of the annual report as soon as issued. It is also important for you to preserve it.

Bring it with you on Town Meeting Day
